Dear Sir,

Re : Registration of Business Name

We refer to the above matter and confirm that you have been advised that the name "Motorcyclæ.Riders Association" is not acceptable as a business name. Our discussions with the Corporate Affairs Office have not resulted in a change of attitude on their part.

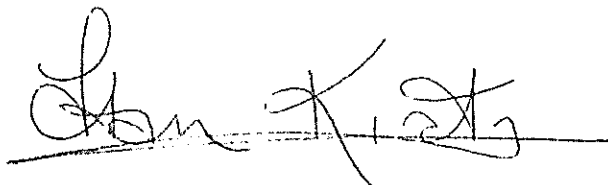

The only possible way in which to obtain this name is to incorporate a "Section 24 Company", a quite lengthy and complicated procedure. Accordingly we undertook the first step in this procedure by applying to reserve the name, but unfortunately the Corporate Affairs Office advised that this name was unavailable because of the [existence of a similar name.]

Therefore we feel that the only other alternative available is to perhaps include a further word in front of the name, although success is not guaranteed by the Corporate Affairs Office even if this step is taken.

However we shall be pleased to hear from you with a view to discussing this matter further.

Yours faithfully,
NURI & KIRATZIS
