**THE MOTORCYCLE RIDERS' ASSOCIATION  
OF AUSTRALIA INCORPORATED.**

Fellow riders and Members.

**Motorcycle Insurance.**

Not a popular subject for most riders, as they soon see \$400 premiums, and nasty salesmen, and "rip-off" companies.

The MRA has now taken up the agency for both Swann and Western Underwriters insurance companies, and we can offer you the best insurance rates around.

Also, you can rest assured that the MRA will be on your side when you take out your insurance policy, something that no other shop or agent can say.

Of course, your current membership card earns you 10% discount on your premium.

**INSURANCE BY MEMBERS, FOR MEMBERS.**

Your motorcycle is an asset to you which has a monetary value. If you bend it, or have it bent for you, not only do you have to replace your bike, you are still in the red to the value of the bike before it was damaged.

Even if your bike is "only worth \$500", it is still worth insuring.

The average premium is only \$220.00, and some are as low as \$50.00 for comprehensive insurance!

We will give you a no-obligation quote, good for thirty days, for the cost of a local telephone call.....

We also stock the following products, selected for value and quality;

Masterman motorcycle alarms.....	\$115.00
Sonic intercoms.....	\$169.00
JD solid silver jewellery.....	Various prices by weight.
MRA and novelty key tags.....	\$ 2.00
"Bike Australia" back issues.....	\$ 1.00

Plus the established products of the Association; T-Shirts, Windcheaters, Stickers, Stubby Holders, Cigarette Lighters, etc.

**let those who ride decide**
