# A rev up for red noses ...

"PIG PEN" might look a little odd with his big nose ... but who's going to argue?  
Besides the 42-year-old biker has a heart of gold when it comes to supporting Red Nose Day for cot deaths.  
The Vietnam Veterans Motorcycle Club president rode his Harley Davidson bike from South Gippsland to don a red nose.  
"All veterans know the value of life and we're

100 per cent behind the Sudden Infant Death Research Foundation," he said.  
"We support it every year as SIDS affects our families too."  
Pig Pen — "please don't call me Mr Pen" — was one of more than 60 members of motorcycle clubs to parade down Collins St today to promote Victoria's Red Nose Day on August 28.

young people. The Vets brought for Australia and deserve better than this. I begged for a fair go but they leave to all papers & we are a powerless minority. Why not a shot of the column, a historic bike or a woman rider??
