RECOMMENDATION: The President or Treasurer be present and take an active note in supervising M.R.A. sales and takings at all P.R. stands operating. Between now and Christmas, our staff will continue to set up and man the stands, but we can be far more efficient if we don't have the added responsibility of doing the 'audit.'

The extreme heat and poor promotion made the A.G.P. less profitable and much harder on staff than expected. Attached is a list of events where the P.R. stands will operate.

These P.R. Stands can generate large amounts of money for the Association and their 'good will' value cannot be stressed too highly. Winton did not make a lot of money but nearly 8 books of raffle tickets were sold. Two years in a row by setting up a P.R. stand at Bike Australia Rallies, staff brought back more than \$1,500.00 cash. In 1988 the M.R.A. should have a P.R. stand sub committee, as it used too, to cover races and rallies.
